MYERS-BRIGGS TYPE INDICATOR (MBTI)

Myers (daughter) and Briggs (mother) in early 1900s.

Which of the following statements represent the truest expressions of yourself?

Interaction with the world:

I am energised by people, enjoy a variety of tasks, a quick pace and I am good at multitasking.

Absorption of information:

I prefer to focus on possibilities and the big picture, easily see patterns, value innovation and seek creative solutions to problems.

Decision-making:

I tend to be sensitive and cooperative, and decide based on my own personal values and how others will be affected by my decisions.

Organisation:

I prefer to keep my options open, like to act spontaneously and like to be flexible with making plans.

ACCOUNTS

Accounts feature addresses the Judas leadership problem by enabling Group Members to ensure transactions are properly recorded.

For instance, if you gave 1,000/= cash in an envelope, this feature ensures 100/= is not recorded by mistake or otherwise.

Likewise, if you gave electronically, this feature ensures the amount is recorded under your name and not someone else.

Unlike the Crowd Funding feature where transactions are open to all Group Members, this Accounts feature is private to you as a Group Member and the Group Admin.

To proceed, tap on Add Transaction button hereunder.

To amend a transaction (before approval), tap on edit:

Assignments feature is similar to Notes except for scenarios where Submissions require a deadline.

The advantage of posting Assignments on MtaaNet is that Group Members can discuss Submissions interactively.

For instance, classmates can learn from each other.

REQUEST CONTACT PROTOCOL - MEMBER #2

To request Member #2 to contact you via your Email or Phone, tap on the button corresponding to your purpose.

#	Purpose	Required	Send Request
1.	I want to purchase an item.	Free Members	<button>PURCHASE ITEM</button>
2.	I need help such as food, house rent, school fees, medical, etc.	Free Members	<button>HELP WANTED</button>
3.	I need a job.		
4.	I need startup capital.		
5.	I would like to offer you help such as food, house rent, school fees, medical, etc.		
6.	I would like to offer you a job.		
7.	I would like to offer you startup capital.		
8.	I would like to offer you products as a customer.		
9.	I would like to offer you services as a client.		

The Request Contact Protocol operates as follows:

You select the purpose for contacting a Group Member from a list of 12 options then tap on a corresponding button.

Your Email and Phone shall be sent to the Group Member for him/her to decide whether or not to contact you.

This is one of the ways MtaaNet provides for more safety as illustrated in the Comparative Analysis diagram earlier.

Tips:

Use the plus (+) operator without spacing to combine words into one phrase e.g. Wambui+Wafula, ABC+Capital+Ltd, etc. If you type 'Wambui Wafula', all Wambui's and all Wafula's shall be retrieved separately.

Spouse Matching Advanced Filters searched herein are text-based fields namely: Language, Medical, Music, Faith, Experiences, Aspirations. Other fields are searched via dropdowns.

A link from the search results opens in a new tab window so as to minimise repeat searches, therefore, to go back, close the browser window.

A shortcut to this search facility is available on the top right menu to type in directly.

To search for someone or something by name, occupation, product, topic, open the Search feature.

This is how, for instance, your participation to share Comments on Notes can be retrieved.
